Dollywood® proudly offers a wholesome, family-fun environment for our Guests, and we are here to help Create Memories Worth Repeating® for you and your family.

We are committed to providing a safe and enjoyable environment for our Guests. This Rider Safety & Accessibility Guide provides information on the recommendations and restrictions for each attraction. Please carefully read through this Guide to learn more about the services we provide, as well as particular attraction information.

Additionally, we have included specific information for Guests with disabilities. This information provides a clear outline of the accommodations at each attraction, as well as the physical requirements for entering or exiting ride vehicles and other attraction areas. It is important to note that, although all of our Hosts are eager to make your day as pleasant as possible, they are not trained in lifting or carrying techniques and therefore cannot provide physical assistance. We suggest that Guests with disabilities bring a companion who can provide any physical assistance that may be needed.

RIDES ACCESSIBILITY PROGRAM
Our Ride Accessibility Center is available to serve our Guests who plan to use our ride accessibility entrances. A Host at the Center will provide enough detailed information about the rider requirements to help you make well-informed decisions to safely, comfortably and conveniently experience our rides. Additionally, we will provide you with a Ride Accessibility Pass (see page 9) tailored specifically for you to include rides you will be able to participate in while at the park.

We encourage you to visit the Center prior to a ride attraction. The Center is located inside the Park next to the Dollywood Emporium and across from the Southern Gospel Music Association Hall of Fame.

To maintain the Park’s family atmosphere, we ask that all Guests be courteous to other Guests and Hosts. Please abide by all rules and safety information posted throughout the Park or provided by our Hosts.

Please Note: The information in this Guide is subject to change. Please feel free to visit our Ride Accessibility Center for current information on accessibility services.

Thank you for your consideration. We hope you Love Every Moment of your day at Dollywood.

(a) A rider on an amusement device shall, at a minimum:

(1) Obey the reasonable safety rules posted in accordance with subsection (g) and oral instructions for an amusement device issued by the amusement device’s owner or the owner’s employee or agent, unless:

(A) The safety rules are contrary to those issued by the board; or

(B) The oral instructions are contrary to the safety rules; and

(2) Refrain from acting in any manner that may cause or contribute to injuring the rider or others, including:

(A) Interfering with the safe operation of the amusement device;

(B) Not engaging any safety devices that are provided;

(C) Disconnecting or disabling a safety device except at the express instruction of the operator;

(D) Altering or enhancing the intended speed, course or direction of an amusement device;

(E) Extending arms and legs beyond the carrier or seating area except at the express direction of the amusement device operator;

(F) Throwing, dropping or expelling an object from or toward an amusement device;

(G) Getting on or off an amusement device except at the designated time and area, if any, at the direction of the amusement device operator, or in an emergency; and

(H) Unreasonably controlling the speed or direction of the rider or an amusement device that requires the rider to control or direct the rider or a device.

(b) A rider of an amusement device shall not get on, enter, or attempt to get on an amusement device unless the rider reasonably determines that, at a minimum, the rider:

(1) Has sufficient knowledge to use, get on, enter, or get off the amusement device safely without instruction or has requested and received before getting on the amusement device sufficient information to get on, use, enter, or get off safely;

(2) Has located, reviewed and understood any signs in the vicinity of the amusement device and has satisfied any posted height, medical or other restrictions and abided by all rules, regulations and restrictions;

(3) Is not under the influence of alcohol or any drug that affects the rider’s ability to safely use the amusement device or obey the posted rules or oral instructions; and

(4) Is authorized by the amusement device owner or the owner’s authorized servant, agent or employee to get on the amusement device.

(c) (1) It is an offense for any person to knowingly violate subsection (a) or (b).

(2) A violation of subdivision (c)(1) is a Class C misdemeanor, punishable by a fine only.

(d) A rider, or the rider’s parent or guardian on the rider’s behalf, shall report in writing to the owner any injury sustained on an amusement device before leaving the owner’s premises, including:

(1) The name, address, and phone number of the injured person;

(2) A full description of the incident, the injuries claimed, any treatment received, and the location, date, and time of the injury;

(3) The cause of the injury, if known; and

(4) The names, addresses, and phone numbers of any witnesses to the incident.

(e) If the rider, or the rider’s parent or guardian on a rider’s behalf, is unable to file a report before leaving the owner’s premises because of the severity of the rider’s injuries, the rider, or the rider’s parent or guardian, shall file the report as soon as reasonably possible.

(f) The failure of a rider, or the rider’s parent or guardian on a rider’s behalf, to report an injury under this section shall have no effect on the rider’s right to commence a civil action.

(g) Safety rules governing rider conduct must be prominently displayed at or near the entrance to, or loading platform for, the amusement device.
RIDE RATING SYSTEM

A Ride Rating Program has been designed providing a scale for rating the thrill factor of each ride. The intent is to provide a scale to guide park Guests in determining which attractions to ride based on their own experience level, physical condition and abilities.

Each ride/attraction is placed into one of three categories:

<table>
<thead>
<tr>
<th>CATEGORY</th>
<th>SYMBOL</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mild Thrill Rides</td>
<td>⬤</td>
<td>Rides or Attractions featuring low speeds with expected movements and anticipated thrills</td>
</tr>
<tr>
<td>Moderate Thrill Rides</td>
<td>⬦</td>
<td>Rides or Attractions featuring moderate speeds with unexpected movements and unusual and stressful physical forces including but not limited to unanticipated thrills</td>
</tr>
<tr>
<td>High Thrill Rides</td>
<td>⬮</td>
<td>Rides or Attractions featuring high speeds with extremely unusual and stressful physical forces. This ride contains startling and unexpected thrills appropriate for only the most healthy and physically able riders.</td>
</tr>
</tbody>
</table>

Ride Warning Signs can be found at the entrance of each ride to help determine the attractions that are suitable for Guests based on their abilities. You will see the following symbols used throughout the Attraction Information Section and our Ride Warning Signs:

- **Heart Trouble**
- **High Blood Pressure**
- **Back or Neck Injury**
- **Recent Injury or Illness**
- **Pregnancy**

Guests must transfer to a manual wheelchair.

Guests may remain in their standard wheelchair throughout the attraction experience. (This does not apply to Electric Convenience Vehicles (ECV) or motorized wheelchairs at any of the ride attractions.) It also identifies disability entrances throughout the park.

Guests who use a standard wheelchair or Electric Convenience Vehicle (ECV) must transfer from their vehicle to a ride vehicle.

Guests who use a standard wheelchair or Electric Convenience Vehicle (ECV) must be able to leave their vehicles and walk or be assisted by their companion to the ride entrance.

Guests must be of the indicated height to experience this attraction.
RIDER REQUIREMENTS

TO RIDE, YOU MUST BE ABLE TO:

ALL RIDERS MUST MEET RIDE HEIGHT REQUIREMENT.
The Guest, including those using a wheelchair or other mobility device, must meet the height requirement set for each attraction. Height requirements are posted at each attraction.

Guests can measure their height using the ride height stand located at the entrance of each ride or stop by the Ride Measuring Center located at the front of the Park across from the Southern Gospel Hall of Fame. (See Park Map for location.)

ALL RIDERS MUST HAVE THE ABILITY TO SIT UPRIGHT INDEPENDENTLY DURING THE DYNAMIC CONDITIONS OF THE RIDE.
The Guest must have the body and spinal control to sit upright without the aid of other people or devices and be able to maintain the proper riding posture even during movements of the ride.

ALL RIDERS MUST HAVE CONTROL OF UPPER TORSO, HEAD AND NECK DURING THE MOVEMENT OF THE RIDE.
The Guest must have the sufficient muscle control to support their head, neck, and upper torso in a standard, forward-looking position without the aid of other people or devices during the movement of the ride.

CAST, BRACES AND WALKING BOOTS
Guests with casts, braces, or walking boots on their extremities may ride all rides with the exception of the following rides, provided the cast/brace does interfere with the restraint system:

- Arm casts that extend above the elbow are not permitted on Dragonflier, Drop Line, Lightning Rod (including braces), and Wild Eagle.
- Leg casts are not permitted on Lightning Rod (including braces), Drop Line (including braces), and Wild Eagle.
- Cervical collars or neck braces are not permitted on Dragonflier.

LIMB REQUIREMENTS, AMPUTATIONS & PROSTHETICS
Notice to Guests with limb loss or prosthetics: please visit the Ride Accessibility Center for rider requirement information. The Host will review the individual rides and attractions with you and explain the specific rider requirements for each.

A full body harness is available for Wild Eagle if the rider meets certain physical requirements. Please talk to our Host at the Ride Accessibility Center for more information and to be fitted for the harness. Please ensure all prosthesis and/or orthotics are secure and will not become detached during the ride experience. Some rides may require you to remove prosthesis and/or orthotics. Please check at the original ride sign.
Guests are required to have a Ride Accessibility Pass for the following rides:
BARNSTORMER
BLAZING FURY
DRAGONFLIER
DROP LINE
FIRECHASER EXPRESS
LIGHTNING ROD
MYSTERY MINE
TENNESSEE TORNADO
THUNDERHEAD
WHISTLE PUNK CHASER
WILD EAGLE

RIDER SAFETY

For your safety and the safety of others, always face forward, keeping your hands and feet inside the ride vehicle at all times. Remain seated until the ride comes to a complete stop and you receive instructions to exit the vehicle. Shirts and shoes must be worn at all times. Non-Ambulatory Guests who do not wear shoes are required to do so on any ride.

You may finish food and drinks while waiting in line. However, eating, drinking, or chewing gum/candy while riding is prohibited.

FAILURE TO COMPLY WITH ANY SAFETY RULES OR RESPONSIBILITIES WILL RESULT IN RESTRICTIONS TO A RIDE OR PARK ACCESS.

MAGNETIC FIELDS
The magnetic fields are generally confined to the equipment and should pose no concern as Guests are not exposed to the proximity of the fields.

MEDICAL RESTRICTIONS
Dollywood does not know your medical history or restrictions. Please read all health and safety requirements for each attraction as they are not all the same.

IF IN DOUBT, DO NOT RIDE!
If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, do not ride. We encourage you to watch the attraction when possible prior to choosing to ride.

RESTRAINT SYSTEMS
Due to rider restraint systems and seat configurations, certain attractions may not accommodate individuals approaching 270 pounds and/or 6 feet 4 inches in height. Guests of larger stature are encouraged to utilize the test seats prior to entering the queue.
Please try our test seats at the ride entrances of:
Barnstormer
Dragonflier
Drop Line
FireChaser Express
Lightning Rod
Mystery Mine
Thunderhead
Wild Eagle

LOOSE ARTICLES
No loose articles are permitted. All loose articles must be placed in the designated storage area or left with a non-rider. Cell phones, cameras, and video equipment are not permitted on attractions. Only those items secured in a pocket or hip pack around an individual’s waist are permitted, provided they do not interfere with the restraint systems and/or proper riding position or cause hazard to Guests, Hosts and/or the attraction.

Individuals wearing headwear for religious reasons may be asked to secure it to their head or shoulders. However, any heavy, large or brimmed religious headwear is not permitted.

Dollywood is not responsible for articles that are lost, damaged, or stolen. Lockers are available to rent at the Rentals Building located next to the Ride Measuring Center and at certain ride locations indicated on the Park Map.

LOST ITEMS
Never attempt to recover a lost item while riding. Notify a Ride Host for assistance, and we will do everything we can to recover your property as quickly as possible. Please note items may not be recovered until the next day or they may not be found.

EVACUATION
Evacuations may be required in the unlikely event of mechanical difficulties or inclement weather. In that event, riders may be required to maneuver across catwalks or travel down steeply inclined ramps or steps. Please consider these factors when deciding to ride.

RIDER SAFETY

RE-RIDE POLICY
Our rides are designed and timed to ensure the safety of our Guests. It is required by our ride manufacturers, independent ride safety consultants, and Dollywood’s Safety Director, that all Guests stand up and exit after riding designated high thrill rides and some designated moderate thrill rides, allowing the body systems to reset to normal prior to riding again. Guests who comply with ride safety requirements are welcome to ride as many times as they wish during their visit, but they must exit the ride vehicle and rejoin the line each time.
PREGNANCY
Guests who know or believe they may be pregnant should follow all rules, guidelines and restrictions listed for each ride. Those who are pregnant should not ride a ride that specifically lists pregnancy as a rider restriction. Please closely review all rules and guidelines at the entrance of each ride.

OXYGEN TANKS
We apologize but due to the forces, speeds and movements of our rides, oxygen tanks are not permitted on ride vehicles, boats or outdoor attractions. Oxygen tanks are permitted on the Dollywood Express (train) and Parking Lot Trams.

INFORMATION FOR GUESTS WITH DISABILITIES

ACCESSIBILITY ENTRANCES
All accessibility entrances and exits are clearly marked at all rides, attractions, and theaters. Retail shops, restaurants, and games are also Guest accessible. Aunt Granny’s Restaurant, Front Porch Café, and Granny Ogle’s Ham ‘n’ Beans restaurants may require Guests using an Electric Convenience Vehicle (ECV) to transfer to a Dollywood provided wheelchair.

ADMISSION
Due to ADA regulations, we do not offer a discount for Guests with disabilities or pregnant women. Regular admission ticket and Season Pass prices apply. (Prices are subject to change without notice). Accessible ticket windows are located at the Front Gate, Ticket Sales and Information Center, Groups Ticket Booth, and the Season Pass Exchange Center. There are accessible kiosks located at the Front Gate and Groups Ticket Booth.

RIDE ACCESSIBILITY PROGRAM
Guests using the Ride Accessibility Entrances to gain access to the ride or attraction will be greeted by a Ride Host who will ask for the Ride Accessibility Pass/Boarding Time Card and review the pass.

A boarding ride time is required for the nine participating attractions indicated with an asterisk on the Ride Accessibility Pass/Boarding Time Card. Guests will enter the Ride Accessibility Entrance to the first participating attraction of choice to receive a boarding ride time based on the wait time of that attraction. The boarding ride time will be for the next attraction of Guest’s choice. Once a boarding ride time is issued, the Guest may ride an attraction that does not require a ride time, visit a shop, enjoy food, or watch shows. Guests may arrive late to the attraction, but don’t arrive before the boarding time. The Guest may only have one active boarding ride time at a time.
A maximum of five may accompany the Guest using the Ride Accessibility Pass/Boarding Time Card. The party shall not exceed a total of six Guests.

For attractions not participating in the Boarding Time Card, Guests will enter through the ride’s accessible entrance. The Ride Host will instruct Guests on when to board the attraction.

Please understand that only one non-ambulatory Guest is allowed on a ride or attraction at any time, and the Guest will be limited to the park’s Re-Ride Policy. Thus, the Guest may have to wait once reaching the loading area.

The Guest with the disability must ride in order for the party to use this program. ALL Guests need to meet the rider requirements in order to ride the attraction.

CALMING ROOM
A Calming Room has been created for the purpose of helping our Guests with special needs who may have a sensory overload while visiting Dollywood. The Calming Room is a quiet, relaxing environment where the Guest and his/her family can feel safe and at ease.

The room is equipped with sensory items such as a weighted blanket, sensory activity panel, and a teepee. To find out more information, please call 1-800-Dollywood (1-800-365-5996) in advance of your visit to speak to a Host at our Ride Accessibility Center. When you visit the park, stop by the Ride Accessibility Center adjacent to the Dollywood Emporium and a Host will be able to help.

DREAMMORE RESORT TROLLEY
Guests staying at the resort have complimentary trolley transportation to and from Dollywood. Wheelchairs and Electric Convenience Vehicles (ECV) are permitted on the Trolleys. Please see the Trolley Host for assistance.

DROP-OFF AND PICK-UP AREA
For Guests using wheelchairs or an Electric Convenience Vehicle (ECV), Dollywood suggests using the Guest Drop-off and Pick-up Area located at the front gate entrance.

PARKING
Guests entering the Toll Booths with an Accessible Parking Permit will be directed to Parking Lot A. Van accessible spaces are available. Parking is filled on a first-come, first-served basis and may reach capacity early on some operating days. If the disability parking area is unavailable, the Guest Drop-off and Pick-up Area adjacent to the Park entrance may be utilized for ease of dropping off and picking up Guests. Standard vehicle and RV parking fees apply unless Guest is a Dollywood Gold or Super Gold Passholder.

All vehicles parked in a marked, disabled parking space must have a government-issued license plate or displayed disabled parking tag. Without proper permits violators may be subject to fines issued by
the Pigeon Forge Police Department and/or towing of the vehicle at the owner's expense.

RESTROOMS
All restrooms have wheelchair accessible facilities and are located throughout the Park. Refer to the Park Map for locations.

Companion Care restrooms are located in the following areas: Showstreet, Country Fair, Craftsman’s Valley, Owens Farm, Village First Aid and Wilderness Pass.

Changing Room – Restrooms with adult-sized changing tables are located in the following areas: Showstreet next to the Baby Care Center, Village First Aid and Wilderness Pass next to the Baby Care Center. Village First Aid, Wilderness Pass next to First Aid, and Wildwood Grove next to Treetop Tower as well as Hidden Hollow.

SERVICE ANIMALS
Trained service animals are welcome at Dollywood. Under the ADA, service animals are limited to dogs and miniature horses individually trained to do work or perform tasks for the benefit of the individual with a disability. Comfort animals, emotional support animals or therapy animals are not service animals according to Tennessee ADA regulations, and these animals are not permitted in the park. Service animals must remain on a harness or leash no longer than four feet under the control of their handler at all times and be house broken. If at any time a service animal’s behavior is out of control, the Guest will be asked to remove the service animal from the Park. Service animals are permitted on the Dollywood Express, Village Carousel, Chasing Rainbows Museum, and *Theaters. On all other attractions, someone in the Guest’s party must stay with the service animal while the Guest rides the attraction. Owners are responsible for cleaning and disposing of animal waste. Service animal relief areas are indicated on the Park Map.

*Due to the Wings of America Birds of Prey show content, we ask that any service animal remain under the owner’s seat as to not distract the birds.

SOCIAL STORY
To create a better Dollywood experience for younger Guests or Guests with special needs, Dollywood has created a Walkthrough Guide with some of the experiences they will have on these Guests’ visit. Please go to the Dollywood website or app under Accessibility Information to either view or download the guide.

THEATERS
For Guests using a wheelchair or Electric Convenience Vehicle (ECV), early entry is available. Seating is limited and is filled on a first-come, first-served basis. Each theater is equipped to provide one companion seat at every accessible space. Due to the layout and capacity of each theater, larger groups accompanying a Guest in a wheelchair or ECV may have to separate.

Theater doors open for general seating 30 minutes prior to show times, (times subject to change) and Guests using a wheelchair or ECV should look for the Accessibility Entrance. ECVs with sunshades are prohibited in all indoor theaters.
DP’s Celebrity Theater
Dreamsong Theater
Pines Theater
Showstreet Palace Theater – Guests who are unable to use the stairs should use the ramps located on each side of the theater.
Heartsong Theater – Theater opens 15 minutes prior to show time. Guests who are unable to use the stairs should enter to the right of the main entrance.

Guests using walkers may park their walker in the theater’s designated location. If a Guest cannot be separated from his/her walker, he/she may sit in a designated companion seat and park the walker in the adjacent wheelchair or ECV space, if available.

All outdoor theaters are accessible to Guests. If Guests have any questions, please notify a Sound Technician in the back of the theater. In the event of an evacuation, it is important for each Guest to be aware of his/her own capabilities and limitations. Please speak to a theater usher or sound technician prior to the show for emergency evacuation information.

Due to Tennessee State Fire Codes, Guests using a wheelchair, ECV, stroller and any other such device may not be parked in the aisles.

TRAM SERVICE
Tram Stops are located in each parking section, and wheelchairs are permitted on accessible Trams. Guests in wheelchairs may board a Tram for transportation to or from a designated parking area. Manufacturer’s guidelines allow ECVs (Electric Convenience Vehicles) and electric wheelchairs aboard the Trams if the maximum combined weight of the Guest and ECV or electric wheelchair does not exceed 500 pounds. Service animals are allowed on Trams as long as they meet guidelines outlined in the Service Animals section of this guide on Page 11.

HEARING IMPAIRMENT

ASSISTIVE LISTENING DEVICES
Assistive listening systems are located at all of our theaters. Please see a Theater Usher or Sound Technician for assistance.

INTERPRETER
American Sign Language interpreters are available with a minimum 14 day advance notice. Please call our Safety team at (865) 428-9461 or email jtoth@dollywood.com.

SHOW SCRIPTS
Dollywood’s regular season show scripts are available for use during the show and must be returned at the end of the performance. Scripts also are available for the Dollywood Express and the Wings of America Birds of Prey show. Please see a Theater Usher and/or Sound Technician for assistance. Due to the continuously changing show content, scripts are not provided for the Kingdom Heirs, The Gem Tones, The Smoky Mountain String Band, The Wild Roots band or other specialty acts.
VISION IMPAIRMENT

COMPANION ASSISTANCE
Due to the mountainous park terrain, Dollywood recommends anyone who is legally blind or who has vision impairments enjoy the Park with a companion.

SPECIAL DIETARY NEEDS

Front Porch Café is a full-service restaurant and is the best location for a wide variety of options. It is important to identify special dietary needs to a Host, as Dollywood’s Culinary Team has ingredient substitutions. The chefs are happy to customize many of the menu items to fit your needs. For more information please contact our Culinary Team at 865-428-9428.

As you plan your trip, here is some additional information that may be helpful:

Dairy-Friendly Options
All Dippin Dot locations throughout the park

Gluten-Friendly Options
Udi's Muffins and Brownies – Spotlight Bakery & Sandwich Shop
Turkey Legs – Hickory House, Valley Theater Turkey Legs
Cheese Pizza – Victoria’s Pizza
Ear of Roasted Corn – Miss Lillian’s BBQ Corner
Make your own bowl or salad – Till & Harvest Food Hall
Front Porch Café has the ability to make certain entrees gluten friendly.

Vegetarian-Friendly Options
Make your own bowl, salad or nachos – Till & Harvest Food Hall
Cheese Pizza – LumberJack’s Pizza, Victoria’s Pizza
Salad – Front Porch Café, Victoria’s Pizza, Grandstand Café
Salad Bar and select sides – Aunt Granny’s Buffet and Miss Lillian’s Buffet

Nut Allergy
Look for the sign “Nut Products Located Here” at front door entrances of our stores or on the preview menus located outside the restaurants.

GENERAL INFORMATION

FIRST AID
We have three First Aid stations for your convenience, which are identified on the Park Map by the First Aid symbol. Certified EMTs provide additional coverage throughout the park. Please contact the nearest Dollywood Host who will notify First Aid to respond for assistance.
Jukebox Junction – to the right of Pines Theater Village - near the train crossing
Timber Canyon - between Mystery Mine and Wilderness Pass restrooms
Wildwood Grove – to the left of Hidden Hollow play area

Guests bringing medications that must be refrigerated and/or extra oxygen bottles may leave these items in any First Aid Office. Please clearly label medications and other personal belongings with the responsible party's name, address, phone number and the date. ID is required to retrieve items.

If no one is at First Aid, please use the red telephone located outside the First Aid door for assistance.

FOOD & BEVERAGE POLICY
After careful consideration of park policies across the nation, consultation with health and safety experts and much consideration of the welfare of our Guests and Hosts alike, we are unable to allow coolers, food or drinks into Dollywood. Although we do not allow food or drink to be brought into the Park, Dollywood offers a wide variety of delicious foods available at our restaurants and snack vendors. Guests with special dietary needs please refer to the Special Dietary Needs section in the guide or you may contact our Foods Department at 865-428-9428.

GUEST SERVICES
Guests Services is located to the right of the ticket windows near Doggywood®. Hosts can provide a variety of services and additional information on amenities available at the Park.

MOBILITY DEVICES, SEGWAYS & GOLF CARTS
Dollywood is committed to providing Guests a safe and enjoyable experience. Because of different pathway configuration and terrain, as well as large crowds that include small children and strollers, we regret that we cannot permit the use of golf carts, two-seat ECVs, ECV bicycles, tricycle child carts, or two-wheeled, self-balancing electric vehicles such as Segways.

Devices must be manually or electrically powered and operated at a walking pace. Devices must be single rider and not exceed 36 inches (92 cm) in width and 52 inches (132 cm) in length. No passenger carriers and/or trailers of any type may be attached to a mobility device. Dollywood reserves the right to deny entry to any mobility device deemed unsafe for use in the Park.

For your safety:
Please be advised there are areas of the Park where wheelchairs and ECV’s are not recommended and are indicated on the Dollywood Park Map. Dollywood does offer other forms of personal transportation for rent, including wheelchairs and Electric Convenience Vehicles (ECVs). Additional information can be found under Wheelchair & Electric Convenience Rental on Page 15.
PARENT SWAP
The Parent Swap program is designed to accommodate groups with younger children who do not meet the minimum height requirement for a ride. To participate, the entire party should enter the main ride queue. You must inform the ride Host that you want to use the Parent Swap option. The child must wait with a Guest in the party who is 16 years or older. After the first ride is completed, the adult who waited with the child will be allowed to ride. Some attractions may not accommodate consecutive Guest rides.

PARK TERRAIN
Although the natural terrain of the Smoky Mountains adds to the beauty of the Dollywood landscape, it can be more challenging to navigate due to the hills and valleys. Please refer to the Dollywood Park Map for assistance in identifying steep grades within the Park.

SMOKING & VAPEING
As we strive to accommodate all our Guests, designated smoking and vaping areas have been established throughout Dollywood and are indicated on the Park Map.

WHEELCHAIR & ELECTRIC CONVENIENCE RENTAL
Wheelchairs and Electric Convenience Vehicles (ECVs) are available at Rental Services located inside the main entrance, between the Emporium and the Group Entrance.

Rentals are on a first-come, first-served basis. Quantities are limited. Operator must be at least 16 years of age. Operators 16-17 years of age must have a parent or legal guardian at least 18 years of age sign the rental agreement. Rentals cannot be carried over to the next day.

There are a limited number of Wheelchairs and ECVs available for advance booking. Reservations must be made online 48 hours prior to arrival with the convenient purchasing process on the Dollywood website.
THE AMAZING FLYING ELEPHANTS

Guests ride in elevated, rotating, flying “elephant” vehicles and push a button to move the elephants up and down. A seat belt must be worn at all times. This ride may not accommodate Guests of larger stature (height and/or weight) due to the configuration of the safety restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to The Amazing Flying Elephants ride Host prior to boarding.

• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions:
Under 48” must be accompanied by a person at least 16 years old.

Health Recommendations:

BARNSTORMER

Guests will experience a high-speed launch on this large swing that features two pendulum arms, each of which accommodates 16 passengers seated back-to-back. The arms swing simultaneously, gaining in height, accelerating in speed and creating both positive and negative G-forces. Each swing ascends to 81 feet. There is a leg and lap restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Barnstormer ride Host prior to boarding.

• Prosthesis must be removed before riding unless permanently attached. Riders with one or two amputated legs above the knee may not ride.
• Riders with one or two amputated legs below the knee may ride pro-
vided they have the ability to hold on with two functioning hands.

- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one natural hand and to brace themselves with two functioning legs.

Accessibility:
- Riders may need companion assistance transferring to the ride vehicle.
- Barnstormer has a lift to assist Guests into the seat.

Height Restrictions:
48” height requirement

Health Recommendations:

BLACK BEAR TRAIL

Black Bear Trail is a mild thrill ride. Riders move slowly along a winding track in ride vehicles that resemble a bear. A single seatbelt is worn around the lap.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Black Bear Trail ride Host prior to boarding.

- Riders with one amputated leg above the knee may ride provided they have the ability to hold on with two functioning hands and one functioning leg.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with one functioning hand.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and brace themselves with two functioning legs that extend below the knee.

Accessibility:
- Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions:
36” height requirement
Under 42” must be accompanied by a person at least 16 years old.

Health Recommendations:

BLAZING FURY

This indoor roller coaster is in a dark environment with quick turns and sudden drops. A lap bar is engaged at all times. Be aware that strobe lights and other special effects are used in this ride.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.
Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Blazing Fury ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands. Requires restraint spacing device.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
- Due to operating systems, Guests must be able to load and unload in 30 seconds or less.
- Guests using the accessibility entrance may be placed on a ride train with their party only.
- Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 42” height requirement

Health Recommendations:

BUSY BEES

Guests ride in bouncing up/down “bee” vehicles on this child’s rotating, flying ride. A seat belt must be worn at all times. This ride may not accommodate Guests of larger stature due to the configuration of the safety restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Busy Bees ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
- Riders may need companion assistance transferring to the ride vehicle.
CHASING RAINBOWS MUSEUM

To share the results of her decades of dreaming, and to inspire others to follow their own, Dolly created Chasing Rainbows, a state-of-the-art, two-story museum featuring interactive and behind-the-scenes collections, stories and memorabilia from her life and career.

Height Restrictions:
No minimum height requirement

Health Requirements: N/A

Accessibility:
• Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair.
• Guests may use the elevator to enjoy the second floor of the museum.
• Please see a Museum Host at the main entrance for assistance.

DAREDEVIL FALLS

This super flume water ride consists of quick turns and a 60-foot drop at a speed of 50 mph. The boat holds eight Guests, two per seat. You will get wet on this ride. This ride does not have seat restraint devices. Riders will encounter strobe-like effects when photographed during the ride.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Daredevil Falls ride Host prior to boarding.
• One functioning leg (may be prosthesis) is required to brace self against downward force of the ride.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand (may be prosthesis) and to brace themselves with two functioning legs (may be prosthesis).

Accessibility:
• Due to the ride design, Guests must be able to load and unload quickly into a moving boat.
• Riders may need companion assistance transferring to the ride vehicle.
• Ride Accessibility entrance is located between Hickory House BBQ and Blacksmith & Foundry.

**Height Restrictions:**
42” height requirement

**Health Recommendations:**

---

**DEMOLITION DERBY**

Guests on this bumper car family ride will experience bumps from other cars in all directions and sudden accelerations and stops. A lap bar is engaged at all times. Guests who drive must be able to use a floor pedal and steer the car simultaneously.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

- Riders with prosthesis are required to disclose the existence of a prosthesis to a Demolition Derby ride Host prior to boarding.
- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

**Accessibility:**

- Wheelchairs, ECVs, canes and walkers are not permitted to enter the ride surface area.

**Height Restrictions:**

- 42” to ride
- 48” to drive

**Health Recommendations:**

---

**DIZZY DISK**

Guests riding this high-speed rotating and spinning disk must sit with their stomachs against a padded panel, straddling a ride seat with a restraint locked against their back.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

Riders with prosthesis are required to disclose the existence of a prosthesis
to a Dizzy Disk ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
- Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 48" height requirement

Health Recommendations:

DOLLYWOOD EXPRESS

A genuine, 110-ton coal-fired steam engine sounds its whistle during a 20 minute, five-mile loop adventure. You will experience contact with coal soot and cinders. It is recommended to protect your eyes during the ride experience. The train runs every hour on the hour unless otherwise posted at the train depot. Please arrive 15 minutes prior to departure time to board the train. The train is loaded on a first come, first served basis. This ride does not have seat restraint devices.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Limb Requirements, Amputations & Prosthetics: N/A

Accessibility:
- Due to the limited number of seats in the accessibility section, companion(s) may have to ride separately on the train.
- Riders may need companion assistance transferring to the ride vehicle. Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair or train bench seat to ride. Guests with service animals are welcome.
- Ride Accessibility Entrance is located to the right of the train depot at the ride exit. Please see a Train host for assistance.

Height Restrictions: No minimum height requirement

Health Recommendations:
larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**
Riders with prosthesis are required to disclose the existence of a prosthesis to a Dragonflier ride Host prior to boarding.
- Riders must have at least one full natural leg to maintain their body in an upright position during the ride.
- Riders must have at least one natural arm that extends to the elbow and is capable to maintain the body in an upright position during the ride.
- Prosthesis and/or orthotics must be removed unless permanently affixed.

**Accessibility:**
- Riders may need companion assistance transferring to the ride vehicle.
- Guests using motorized wheelchairs or ECV’s (electric convenience vehicle) must transfer to a Dollywood provided wheelchair located at the elevator.

**Height Restrictions:**
- 39” height requirement
- 81” maximum height (6’9”)
- Under 48” must be accompanied by a person at least 16 years old.

**Health Recommendations:**

---

**DROP LINE**

A 200-foot tall drop tower carries riders standing nearly 20 stories high before plummeting back to the ground in a thrilling rush. An over-the-shoulder restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Drop Line may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Riders will encounter strobe-like effects when photographed during the ride.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**
Riders with prosthesis are required to disclose the existence of a prosthesis to a Drop Line ride Host prior to boarding.
- Leg prosthesis must be removed before riding.
- Riders with one or two amputated legs above the knee may not ride.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders must have the ability to hold on with one functioning natural hand (not a prothetic) with the second arm extending below the elbow. Prosthesis must be removed.
Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions:
48” height requirement

Health Recommendations:

FIRECHASER EXPRESS
This forward and backward-launching family roller coaster features a 72-foot lift height, 2.5x G-force and 0.1 negative G-forces and reaches a speed of 35 mph. An individual lap bar is engaged at all times. Due to the nature of the restraint system and seat configuration, FireChaser Express may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Be aware that strobe lights, loud noises, smoke, fire and other special effects are used.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
• Riders with prosthesis are required to disclose the existence of a prosthesis to a FireChaser Express ride Host prior to boarding.
• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.
• Guests using a motorized wheelchairs or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair located at the main ride entrance.
• Guests will enter through the ride exit located to the right of the main ride entrance.

Height Restrictions:
39” height requirement
Under 48” must be accompanied by a person at least 16 years old.

Health Recommendations:

FIREHOUSE FUN YARD
This interactive children’s play area includes pop-jet water features, “soft play” structure where children can slide and play, a block table and a chalkboard coloring wall.
ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Limb Requirements, Amputations & Prosthetics: N/A

Accessibility:
• Guests using motorized wheelchairs or ECV’s (Electric Convenience Vehicle) must transfer to a Dollywood supplied wheelchair. Only standard wheelchairs are permitted past the transfer area.

Height Restrictions:
Recommended for Guests 48” and under. Assistance from someone age 16 years or older recommended. Children under 12 years of age must be accompanied by a person at least 16 years old.

Health Recommendations:

FROGS & FIREFLIES

Frogs & Fireflies is a mild thrill ride. Riders will experience a revolving ride in vehicles mounted on arms which quickly ascend and descend as the entire ride rotates on a central axis. A seat belt must be worn at all times. This ride may not accommodate Guests of a larger size (height and/or weight) due to the configuration of the safety restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
• Riders must have the ability to hold on with one functioning natural hand.
• Riders must be able to brace against the forces of the ride with one functioning, natural prosthetic leg to include foot.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions:
Under 36” must be accompanied by a person at least 16 years old.

Health Recommendations:

GRANNY’S GARDEN

This interactive children’s play area includes “soft-play” structure where children can climb, slide, and play.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Limb Requirements, Amputations & Prosthetics: N/A

Accessibility:
• Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood supplied wheelchair. Only standard wheelchairs are permitted past the transfer area.
Height Restrictions: Recommended for Guests 48” and under. Assistance from someone age 16 years or older recommended. Children under 12 years of age must be accompanied by a person at least 16 years old.

GREAT TREE SWING

Great Tree Swing is a moderate thrill ride. Riders will experience heights of up to 40 feet as the ride vehicle swings forward and backward in a pendulum motion. A lap bar is engaged at all times.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:

Riders with prosthesis are required to disclose the existence of a prosthesis to a Great Tree Swing ride Host prior to boarding.

- Riders must have the ability to hold on with one functioning natural hand.
- Riders must be able to brace against the forces of the ride with one functioning, natural or prosthesis leg to include foot.

Accessibility:

- Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 36” height requirement

Under 48” must be accompanied by a person at least 16 years old.

Health Recommendations:

HIDDEN HOLLOW

This interactive children’s play area includes various features where children can play and slide.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Limb Requirements, Amputations & Prosthetics: N/A

Accessibility:

- Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood supplied wheelchair. Only standard wheelchairs are permitted past the transfer area.
LEMON TWIST

Guests riding this spinning “tea cups” family ride revolve atop a simultaneously rotating ride base. This ride does not have seat restraint devices.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:

Riders with prosthesis are required to disclose the existence of a prosthesis to a Lemon Twist ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:

- Riders may need companion assistance transferring to the ride vehicle.

LIGHTNING ROD

This wooden launch coaster sends riders from zero to 45 mph more than 20 stories up its lift hill. At the crest of the hill, riders face twin summit air time hills before tackling the daring first drop. Lightning Rod races down the 165-foot drop and propels Guests along its 3,800-ft. track to a top speed of 73 mph, the fastest speed for a wood coaster in the world. The ride exerts 3.5x G-force and 1.0 negative G’s. A lap bar and shin restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Lightning Rod may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Riders will encounter strobe-like effects when photographed during the ride.
ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
- Arm prosthesis must be removed before riding.
- Riders must have the ability to brace with at least one natural hand.
- Riders must have two natural legs, including feet. Due to the restraint system and manufacturer requirements, leg and foot prostheses are not allowed.

Accessibility:
- Riders may need companion assistance transferring to the ride vehicle.
- Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair located at the ride elevator.

Health Recommendations:

LIL’ PILOTS PLAYGROUND

This interactive children’s play area includes a 22-foot by 16-foot wooden bi-plane, one-of-a-kind drum set and climb and slide structures.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Limb Requirements, Amputations & Prosthetics: N/A

Accessibility:
- Guests using motorized wheelchairs or ECVs (Electric Convenience Vehicle) must transfer to a Dollywood supplied wheelchair. Only standard wheelchairs are permitted past the transfer area.

Health Recommendations:

LUCKY DUCKY

Guests ride a “duck” car that travels in a circle. A seat belt must be worn at all times. This ride may not accommodate Guests of larger stature due to the configuration of the safety restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.
Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Lucky Ducky ride Host prior to boarding.
• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: No minimum height requirement.

LUMBERJACK LIFTS
Use your arms to pull ropes which move the two-person seats up and down a 24-foot, full-rotating tower.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Lumberjack Lifts ride Host prior to boarding.
• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 40” height requirement
Under 48” must be accompanied by a person at least 16 years old.

MYSTERY MINE
This steel coaster ride includes an 85-foot drop, 95-degree drop, two complete inversions, extreme banking and maximum speeds of 60 mph. This ride creates a maximum 4x G-force on the rider.
An over the shoulder restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Mystery Mine may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Be aware that this ride uses special effects consisting of fog, smoke and heat. Riders will encounter strobe-like effects when photographed during the ride.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

Riders with prosthesis are required to disclose the existence of a prosthesis to a Mystery Mine ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and brace themselves with two functioning legs.

**Accessibility:**

- Riders may need companion assistance transferring to the ride vehicle.
- Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair located at the ride elevator.

**Height Restrictions:** 48” height requirement

**Health Recommendations:**

---

**PIG PEN**

This interactive children’s area includes pop-jet water features where children can play.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

**Limb Requirements, Amputations & Prosthetics:** N/A

**Accessibility:**

- Riders may need companion assistance transferring to the ride vehicle.
- Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood supplied wheelchair.

**Height Restrictions:**

Recommended for Guests 48” and under. Assistance from someone age 16 years or older recommended. Children under 12 years of age must be accompanied by a person at least 16 years old.

**Health Recommendations:**
PIGGY PARADE

Guests ride a “piggy” car that travels in a circle. A seat belt must be worn at all times. This ride may not accommodate Guests of larger stature due to the configuration of the safety restraint system.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:

Riders with prosthesis are required to disclose the existence of a prosthesis to a Piggy Parade ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:

- Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: No minimum height requirement

Health Recommendations:

ROCKIN’ ROADWAY

1950s miniature self-propelled car ride. You will have to climb stairs when exiting this ride. A seat belt must be worn at all times.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:

Riders with prosthesis are required to disclose the existence of a prosthesis to Rockin’ Roadway ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:

- Due to the ride design, Guests must be able to load and unload quickly.
- Riders may need companion assistance transferring to the ride vehicle.
**Height Restrictions:**
Under 42" must be accompanied by a person at least 16 years old.

**Health Recommendations:**

---

**THE SCRAMBLER**

This multi-direction rotating family ride spins on the ride axis and simultaneously on the axis of the ride vehicles. A seat belt and lap bar must be engaged at all times.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

Riders with prosthesis are required to disclose the existence of a prosthesis to The Scrambler ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
- Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

**Accessibility:**
Riders may need companion assistance transferring to the ride vehicle.

**Height Restrictions:**
36" height requirement
Under 48" must be accompanied by a person at least 16 years old.

**Health Recommendations:**

---

**SHOOTING STAR**

This junior free-fall family ride takes Guests 25 feet up in the air and bounces them up and down. An over-the-shoulder restraint must be engaged at all times.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

Riders with prosthesis are required to disclose the existence of a prosthesis to Shooting Star ride Host prior to boarding.

- Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
- Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 36” height requirement
Under 42” must be accompanied by a person at least 16 years old.

Health Recommendations:

SKY RIDER
This family airplane ride rotates, taking Guests 70 feet in the air. Guests have the ability to move the airplane back and forth using a joystick. An over-the-shoulder restraint must be engaged at all times.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to Sky Rider ride Host prior to boarding.
• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs.

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions: 42” height requirement
Under 48” must be accompanied by a person at least 16 years old.

Health Recommendations:

SMOKY MOUNTAIN RIVER RAMPAGE
Guests on this six-person, water rapids round raft ride will experience strong side-to-side, front-to-back, back-to-front forces and quick rotations as well as rapidly changing speeds. You will get wet on this ride. A seat belt must be worn at all times.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.
Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to Smoky Mountain River Rampage ride Host prior to boarding
• Riders with one amputated leg above the knee, with or without prosthe-
sis, may ride provided they have the ability to hold on with two function-
ing hands.
• Riders with one or two amputated legs below the knee may ride pro-
vided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may
ride provided they have the ability to hold on with one functioning hand
and to brace themselves with two functioning legs

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.

Height Restrictions:
36” height requirement
Under 48” must be accompanied by a person at least 16 years old.

TENNESSEE TORNADO
This multi-loop steel roller coaster ride includes a 128-foot drop, three inversions and speeds up to 70 mph. This ride creates a 3x G-force on the rider. An over-the-shoulder restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Tennessee Tornado may not accommodate Guests of larger stature. Riders will encounter strobe-like effects when photographed during the ride.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Tennessee Tornado ride Host prior to boarding
• Riders with one amputated leg above the knee, with or without prosthesis, may ride provided they have the ability to hold on with two functioning hands.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two functioning hands.
• Riders with one amputated arm or hand, with or without prosthesis, may ride provided they have the ability to hold on with one functioning hand and to brace themselves with two functioning legs

Accessibility:
• Riders may need companion assistance transferring to the ride vehicle.
• Guests using a motorized wheelchair or ECV (Electric Convenience Vehicle) must transfer to a Dollywood provided wheelchair located at the ride elevator. The ride elevator is located inside the arcade.
The Mad Mockingbird is a moderate thrill ride. Riders will experience centrifugal forces on a revolving ride in ride vehicles that swing up and out as the ride rotates. A seat belt must be worn at all times.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**
- Riders with one amputated leg above the knee may ride provided the second leg extends below the knee.

**Accessibility:**
- Riders may need companion assistance transferring to the ride vehicle.

---

This wooden roller coaster ride includes a 100-foot drop, 22 accelerating quick turns, extreme banking, and maximum speeds of 55 mph. This ride creates a 3.5x G-force on the rider. A seat belt and lap bar restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Thunderhead may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Riders will encounter strobe-like effects when photographed during the ride.

**ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS**

Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

**Limb Requirements, Amputations & Prosthetics:**

Height Restrictions: 36” height requirement
Under 42” must be accompanied by a person at least 16 years old.

Health Recommendations:

WILD EAGLE

This steel, wing roller coaster ride includes a 135-foot drop, four inversions, extreme banking and maximum speeds of 61 mph. This ride creates a maximum 4x G-force on the rider. An over-the-shoulder restraint must be engaged at all times. Due to the nature of the restraint system and seat configuration, Wild Eagle may not accommodate Guests of larger stature. These Guests are encouraged to use the test seat prior to entering the ride queue. Riders will encounter strobe-like effects when photographed during the ride.

ALL RIDERS MUST MEET THE FOLLOWING RIDE REQUIREMENTS
Riders must have the ability to sit upright independently during the dynamic conditions of the ride. Riders must have control of upper torso, head, and neck.

Limb Requirements, Amputations & Prosthetics:
Riders with prosthesis are required to disclose the existence of a prosthesis to a Wild Eagle ride Host prior to boarding.
• All prosthesis must be removed before riding.
• Riders with one or two amputated legs above the knee may not ride.
• Riders with one or two amputated legs below the knee may ride provided they have the ability to hold on with two natural hands.
• Riders with one amputated arm or hand, without prosthesis, may ride provided they have the ability to hold on with one natural hand and be able to brace themselves with two natural legs.
• Riders with certain amputations that would normally be excluded from Wild Eagle may be permitted to ride with the use of a body harness if the rider meets certain physical requirements. Please visit the Ride Accessibility Center for more information.
