The Story of Song & Hearth

For as long as I can remember, music and family have always surrounded me. Down home goodness came straight from my Mama's hearth, filling our home with delicious smells and our hearts full of love. My favorite times were spent singing, laughing, telling stories and just being a family. And of course, that also meant great country cooking straight from the heart.

It's the food that comforts us most. Food that's lovingly made and joyfully served up.

Yep, music, family and love. You can't go wrong with that.
